CUSTOMIZABLE EDUCATIONAL AIDS, KITS AND SELECTED PRODUCTS

Company Overview

CareTek Resources, Inc. provides healthcare and safety products for Infection Prevention, Emergency Response and Emergency Preparedness. Those products include an array of customizable informational tools and educational aids, customized kits and various non-custom products to help healthcare facilities, industrial enterprises, business workplaces and families:

- Protect** against the spread of diseases
- Prepare** for unexpected events
- Prevent** accidents
- Respond** to emergencies.

Enhancing Wellness

Founded in 1993, CareTek works in close partnership with clients to create educational aids and provide appropriate products to enhance wellness and safety for healthier, safer environments.

Bridging Gaps

Combined with the experience and know-how necessary to develop and deliver effective, essential solutions we can help address unique concerns before, during and after emergency situations that bridge the “what-to-do” gaps for everyone from the emergency incident commander to a company’s entire workforce to accounting for the safety of individual family members.
